Whites.  
White supremacy. Whiteness. White nationalist. White colonizer. White terrorist. White killer

Racism. Power. Privilege. Control. Oppression. Fragility. Violence. Cowardice

White ppl, we are so good using language to obscure reality, time to start calling it what it always has been

"This time if you really want to make a difference in Black lives—and not have to protest this shit again—go reform white kids.

Because that's where the problem is - with White children being raised from infancy to violate Black bodies..."

A national system built on white supremacy leads us, white people, to see overt acts of racist, violent, murder and think of it as isolated. Our daily grown racist and biased being, calls for us to see something else. There is nothing else. Open your eyes.

Education institutions/admins - recognize that your forced, reactive equity plans are irresponsible and often violent. Half assed Antiracist curriculum and training is not & will never be an adequate response to your historically oppressive institutional practices.

Invest real time and real money into the (emotional) labor that continues to be on the backs of BIPOC your institution currently marginalizes. It is offensive and the most basic, liberal dumpster fire of an approach we never needed in the first place. Do the necessary work.
